## MATERIAL SAFETY DATA

EDITION: 8 DATE: January 2009

### 1. PRODUCT

NAME: **weber.therm PHS**

Chemical Nature

A phenol formaldehyde rigid foam slab

Manufacturer

**Weber**

Saint-Gobain Weber Limited

Dickens House

Enterprise Way

Flitwick

Bedford.

MK45 5BY.

EMERGENCY TELEPHONE NUMBER. 08703 330070

### 2. HAZARDS IDENTIFICATION

Contact with the product may cause irritation to sensitive skin.

### 3. COMPOSITION

A rigid foamed slab containing extremely low levels of residual phenol and formaldehyde

EEC Symbol: Xi R Phrases: 36/38

### 4. FIRST AID MEASURES

SKIN CONTACT:

After contact with skin, wash immediately with plenty of soap and water.

EYE CONTACT:

In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

### 5. FIRE-FIGHTING MEASURES

The material has relatively low flammability and is not easily ignitable. It is highly unlikely that phenolic foams will contribute to the initial stages of a fire. On exposure to a high temperature fire source the material will carbonise slowly without flaming.

Combustion products are: carbon monoxide, carbon dioxide and water vapour.

Suitable extinguishers: Carbon monoxide, dry powder, vaporising liquid or water spray.

Avoid breathing combustion products.

## **6. ACCIDENTAL RELEASE MEASURES**

### Personal Precautions

When working with or cutting this material dust may be created, a dust mask, gloves and suitable protective clothing are recommended.

## **7. HANDLING AND STORAGE**

### Handling

When handling Phenolic Insulant, due regard should be paid to Manual Handling Operations Regulations. A package containing this product may exceed the recommended weight stated in the current Manual Handling Regulations. The regulations should be consulted for guidance as to the appropriate lifting methods.

### Storage

Store away from all sources of ignition and provide adequate space for access.

## **8. EXPOSURE CONTROLS / PERSONAL PROTECTION**

### Technical Protective Measures

No special measures required

### Respiratory Protection

Suitable respiratory protection should be worn to ensure that handlers are not subjected to dust from the material.

### Hand Protection

Wear suitable gloves.

### Eye Protection

Suitable goggles or face protection should be worn wherever there is a risk of product entering the eye.

### Skin Protection

Wear overalls and closed footwear.

## **9. PHYSICAL AND CHEMICAL PROPERTIES**

A rigid foamed slab containing extremely low quantities of residual phenol and formaldehyde.

## **10. STABILITY AND REACTIVITY**

Stable under normal room temperature storage conditions.

## **11. TOXICOLOGICAL INFORMATION**

### Eye Contact

Trace levels of phenol and formaldehyde in the product may be irritating to eyes.

### Skin Contact

Contact with the product may cause irritation to sensitive skin.

## 12. ECOLOGICAL INFORMATION

Essentially non-toxic under room temperature and normal conditions.

## 13. DISPOSAL CONSIDERATIONS

Dispose of empty pails or surplus product to place authorised to accept builder's waste.  
Keep out of reach of children. Local regulations should always be observed.

## 14. TRANSPORT INFORMATION

Classification for Transport not required.

## 15. REGULATORY INFORMATION

Symbols: Xi Irritant.

### R Phrases:

R36/38: Harmful to eyes and skin

### S Phrases:

S28: After contact with skin, wash immediately with plenty of soap and water.

S26: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S37/39: Wear suitable gloves and eye/face protection.

Keep out of reach of children.

## 16. OTHER INFORMATION

None
